

ONE ON ONE WITH GOD – AFRICA DISCIPLE-MAKING MINISTRY

January 1, 2021 thru December 31, 2021

Dear Jerry and Marilyn Fine,

2021 has been challenging for many of us. Although this has been one of our most challenging years, it's also grown our faith more than any year before. Even in the face of endless unknowns, we still have hope in Christ. Despite the pandemic and resulting challenges, our *One on One with God* disciple-making ministry continues to make an impact—a great testimony of what God is doing through *One on One with God* in Africa.

The table below shows what God has done from January 1 – December 31, 2021. This has been **updated** from reports from country leaders in respective countries that include data not captured in a similar report of September 2021.

At the beginning of 2021 we had *One on One with God* disciple-makers in 20 Countries in Africa.

The following is based on reports from 15 of those countries:
